SLEEP NUMBER 360® SMART REMOTE QUICK START GUIDE

GETTING STARTED

1 WAKE UP YOUR REMOTE

Get started by inserting two AA batteries (included) in your remote.

Your remote will turn on simply by picking it up or pressing any button.

2 CONNECT YOUR BED AND REMOTE

If you have a **FlexFit™ smart adjustable base**, simply press and hold the  button on the side of your base. The remote will tell you when pairing is complete.

For all other beds, press and hold the button on the side of your bed's smart control system, located in the integrated base or under your bed. The remote will tell you when pairing is complete.

USING YOUR REMOTE

A CHOOSE YOUR SIDE

Slide the switch on the top of the remote to select sleeper left or sleeper right to make adjustments.

B EXPLORE YOUR BED FEATURES

Press the illuminated arrows to navigate the menu and access your bed functions.

C PRESS TO SELECT

Press the center button to make a selection.

D RETURN TO HOME OR BACK

Press  to return to the main menu.

Press  to return to the previous screen.

E VIEW BATTERY LIFE

The  battery icon will turn red at 10% to let you know when it's time to change the batteries.

DISCOVER SMARTER SLEEP

Use the SleepIQ® app in conjunction with your remote to access all your bed's smart features.

You'll see your sleep quality over time and learn ways to improve your sleep.

SET UP SLEEPIQ® TECHNOLOGY

1 DOWNLOAD THE APP

Visit the Apple App Store or Google Play store and download the SleepIQ® app on your smart device.

2 CREATE YOUR ACCOUNT

It's quick and easy.

3 CONNECT TO YOUR BED

Using your home Wi-Fi or Bluetooth, simply follow the **Pair Your Bed** instructions in the app to get started.

USING THE SLEEPIQ® APP

The SleepIQ® app lets you unlock features and insights for your best quality sleep every night. So you can feel your best every day.

- Set up your individualized sleeper experience for you and your sleep partner. Because no two people sleep the same.
- Receive personalized insights that show you the quality sleep you're getting and tips to help you improve your sleep.
- Turn on Responsive Air technology for effortless comfort every night.
- Create a bedtime routine for improved sleep consistency and more restful sleep.
- Enjoy quick, easy access to troubleshooting, any time.
- Manage your privacy settings.

IMPORTANT: Read all instructions before use to avoid injury. Improper use of product can result in serious injury or death. Follow the safety information in your bed quick start guide. Keep this guide for future reference.

Warnings and Safety Instructions

- Your Sleep Number® bed as well as this remote are intended for in-home, non-commercial use only. Any unintended use voids the limited warranty.
- The remote is not a toy. Keep the remote and its batteries away from children and pets.
- With the exception of the battery compartment, do not open the remote. Doing so will void the limited warranty.
- Keep the remote away from heat sources such as radiators, heat registers, etc.
- The remote is not water resistant. Do not immerse in or use or store near water – for example, in a wet basement, near an open window, etc.
- Be sure to use only the batteries specified and always handle the batteries with care. Improper use may result in battery explosion, cracking or leakage, which could result in personal injury and/or property damage

FCC Compliance Statement: The equipment described in this guide has been tested and found compliant with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Any attempt to make changes or modifications could void the user's authority to operate the equipment according to FCC certification.

To view the RF Exposure Warning statement: Go to **Settings > About**. Here you can view the FCC ID, model name and RF exposure information.
