WHAT'S inside

Setting up your new SLEEP NUMBER® bed only takes about an hour, but you'll enjoy the benefits of better sleep for years to come. You won't need any tools and, although it's nice to have a helper, you can do it by yourself. First, you'll need to remove your old bed. Next, we'll guide you step-by-step through assembling the base, positioning the mattress and attaching the Firmness Control™ System. Then, you'll learn how to find your SLEEP NUMBER® setting. And, finally, the best part—you can luxuriate in the personalized comfort of your *Sleep Number* bed.

TROUBLESHOOTING

For answers to some common questions regarding your base, see the Frequently Asked Questions at the end of this manual.

" I assembled the Sleep Number bed by myself. My wife was in doubt at first, but, after sleeping one night, she said, it was magic how well she slept without back pain. Now we sleep longer and more comfortably than with any previous mattress we've owned."

- C. Clark S., Tucson, AZ

BEFORE YOU BEGIN

- ▶ **Carefully check the contents of your base boxes. Each component is clearly labeled with the part name and part number.**
- ▶ **Decide where to put your new bed**
- ▶ **Make sure there's an electric power source nearby for use with your Firmness Control™ System**
- ▶ **Assemble your bed frame if you have one**

Your base should be assembled directly onto your bed frame or on the floor. Some bed frames have slats that run from one side of the bed to the other. If your bed frame has slats, position the slats evenly to support the base. If your bed frame has fewer than three slats, we recommend adding additional slats to ensure adequate support for your base.

Caution: With some styles of bed frames, the base length may extend beyond the frame's support legs. This situation makes it possible for the frame to tip when significant weight is placed at the foot of the bed. Please use caution when sitting or placing weight on the foot of the bed when using these types of frames.

▶ King base

The King base consists of two Twins side by side. Complete the assembly of one unit, assemble the second, then place side by side on the bed frame.

Note: Texture and surface appearance may vary.
