## Better Sleep Starts Here

For your most individualized sleep ever, the intuitive, easy-to-use remote allows you to find your ideal level of comfort, name each side of the bed, and more. Follow these steps to make it your own.

### 1 Wake Up Your Remote

- Insert two AA batteries (included) into your remote. Your remote will turn on simply by picking it up or pressing any button.
- Easy-to-follow instructions will guide you through the next steps.

### 2 Name Each Side of the Bed

Follow the steps on your remote to enter your names on each side of the bed. If you'd like to skip this step, you can enter them later by pressing , **System, Settings, Reset Preferences** and **Rename Side**.

NOTE: You can choose your side of the bed at any time by pressing .

### 3 Find Your Sleep Number® Setting

There's nothing quite like finding your Sleep Number® setting. Your remote can easily guide you to your ideal level of firmness, comfort and support.

- Begin by lying on the bed in your preferred sleeping position.
- Press to choose your side of the bed.
- Press and choose **Sleep Number®**.
- Press and choose **Find Sleep Number®**.
- Follow the instructions on your remote to find your favorite Sleep Number® setting. This may take a few minutes.

### 4 Save Your Sleep Number® Setting into Memory

Press to choose your side of the bed. Press or to choose your favorite setting, then press for two seconds to save.

### 5 Save Your Favorite Bed Positions

It's easy to individualize your bed for reading, watching TV and enjoying the weightless feeling of zero gravity.

- Press and choose **Bed Position**.
  - Press to access positions.
  - Adjust to your liking and press for 2 seconds to save.
- Press to switch between your Sleep Number® setting and bed position.
